VOL. XXXV., NO. 6195.

HONOLULU, HAWAII TERRITORY, SATURDAY, JUNE 14, 1902.

PRICE FIVE CENTS.

MEET AND NAME MEN

Republicans Are Lined Up Ready.

NOMINATE OFFICERS FOR THIS CAMPAIGN

Large Meetings in Most Precincts and a Good Start Made for the Work.

REPUBLICANS opened their fight, the mere formal throwing out of the skirmish lines, last evening at the meetings of the precinct clubs for organization, by the nomination of officers to be chosen on Friday, June 17. In most instances in the city there were fair gatherings and the foundations were laid for some hard work.

There were some districts in which there is no record of there having been held any meeting, and in at least one of these the president of the club alone showed up. There was a healthy desire manifested at most of the meetings for the perfection of the party organization, and in almost every instance there were formed special committees for the purpose of perfecting the precinct registers.

The meeting of the First precinct of the Fourth district was held at the Government nursery, where Superintendent Austin had arranged a table and seats for the fairly large crowd which gathered. In the absence of the former president, Townsend, Charles Hopkins was chosen chairman of the meeting. The nominations made were as follows: President, C. L. Hopkins; vice presidents, W. Roe, W. L. Eaton, D. Pihok Okiu, Joseph Luahiwa; secretary, E. S. Boyd; assistant secretary, Isaac Harbottle; treasurer, P. R. Helm; judges of election, J. Kalama, S. Kamatopili, J. Kidwell, Joseph Luahiwa; executive committee, J. Vivichaves, E. Towse, Solomon Kauai, J. W. K. Keiki, J. Kalama, D. A. Kalole, Kalaau.

After the nominations had been made there was a discussion of the registration of the voters and it was decided that the captains of the various sub-districts of the precinct should secure rolls and proceed to list every voter in the precinct. This work will begin at once so that when the meeting for the election of the officers nominated last evening is held there shall be on the rolls a full representation of the voters of the district.

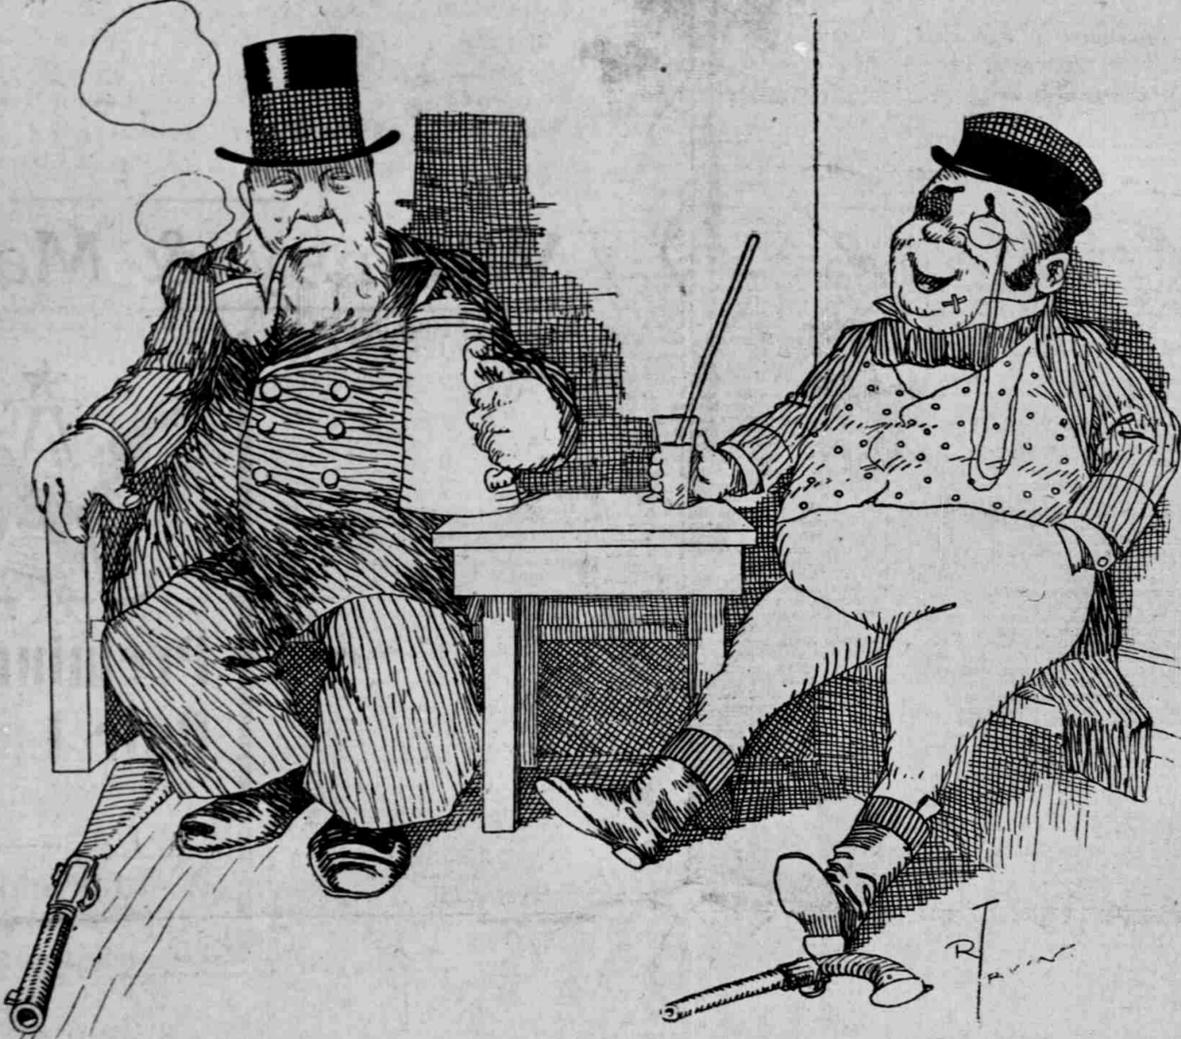

The meeting of the second precinct was held in a tent pitched at the corner of Pihok and Lunalilo streets. The tent was new and was secured for the use of the club during the campaign which is now coming on. There were present many voters both haole and native, and the enthusiasm was fairly evident, for the reason that when there was called a subscription for the purpose of paying all the preliminary expenses, the contributions netted close to \$50. Owing to the new rule that no person shall be a member of more than one committee, J. H. Fisher was not re-nominated for the position of president. The list of officers as named is as follows: President, J. H. Soper; vice presidents, W. Kalomoku, M. A. Gonsalves; secretary, T. H. Petrie; assistant secretary, Patrick Gleason; treasurer, C. H. Atherton; judges, C. L. Beale, G. B. McClellan, C. B. Wilson; executive committee, J. H. Craig, R. Ahuna, R. D. Mead, George Kawai, Charles Crozier.

The meeting adjourned until Friday two weeks and there were taken no steps for registry, as it will be taken up at that time.

There was a fair meeting at the drill shed where the voters of the Fifth precinct were gathered. After some little talking over plans the following were nominated for the officers of the club: President, O. C. Swain; first vice president, L. J. Nahora Hipa; second vice president, J. Keolikiki; secretary, G. Rose; assistant secretary, Charles Costa; treasurer, E. P. Chapin; judges of election, A. F. Cooke, J. Mosey, E. Devanchelle; executive committee, A. F. Cooke, William H. Coney.

The Champion Gets In.
NEW YORK, June 6.—In the coronation procession, says a London dispatch to the Tribune, F. S. Dymoke, who claimed the right to appear in Westminster as the King's champion and to challenge any suzerain persons to mortal combat, has been accorded the peaceful task of carrying the English flag.

PEACE AT LAST

J. B.—Bah Jova, Old Chap! You must drop over to the Coronation

PROGRAM FOR JULY FOURTH

Executive Committee Decides Up on Order of Exercises for the Day.

The executive committee for the Fourth of July celebration met yesterday afternoon at 2 o'clock in the office of C. M. Cooke, at the Bank of Hawaii, and decided upon the following order of exercises:

- 6 a. m.—National salute.
- 9 a. m.—Parade.
- Noon—National salute.
- 1 p. m.—Sports at Oahu College, baseball, running, jumping, etc.
- 3:30 p. m.—Reception by Governor Dole at the Capitol.
- 5 p. m.—Grand ball.
- Fireworks display after dark.

The literary committee has not yet succeeded in arranging for the orator of the day, and other speakers, but it is practically decided that Frank Thompson will read the Declaration of Independence.

For the ball a lanai will be erected on the Waikiki side of the capitol, which will be much larger than that used on Admission Day in 1900. It was decided to have no aquatic sports.

The suggestion was made to increase the outlay for fireworks, but the committee decided that it could not go to additional expense for this feature.

Fauncetote's Successor.

NEW YORK, June 6.—Hon. Michael Herbert, the newly appointed Ambassador at Washington, intends to leave in a few days for London to confer with Lord Lansdowne, cables the Paris correspondent of the Tribune. Mr. and Mrs. Herbert probably will remain in London for the coronation ceremonies. They will not make any decision as to their plans until ascertaining the wishes of Lord Lansdowne, but owing to personal matters, including the breaking up of their residence here in the Avenue d'Jena, it is not likely that they will start for the United States before the end of August or the beginning of September.

The Champion Gets In.

NEW YORK, June 6.—In the coronation procession, says a London dispatch to the Tribune, F. S. Dymoke, who claimed the right to appear in Westminster as the King's champion and to challenge any suzerain persons to mortal combat, has been accorded the peaceful task of carrying the English flag.

RACE MEET TO CLOSE WITH RARE SPORT IN FAST TIME

Eight Events Will Furnish the Track Visitors With Excellent Entertainment. Pool Sellers Disturbed.

WITH seven carded races and one ten-horse extra stake, the race meeting of the year will be closed today. The sport at Kapiolani Park this afternoon, the races beginning at 1:30 o'clock, promises to be above the average. The placing of the animals will be just right for the purpose of tests, and it is safe to say that there will be as perfect fields and as high class going as could be expected.

The track has been put into good shape and the prospects are that records will go, for the track followers believe that the runners are in better shape than they were Wednesday. There is promised a chance for speculation all along the line. There are two races, at five furlongs and three-quarters, where the duel will be between Del Vista and Mollie Connors. There should be an even break between them, but experts differ as to which the Hawaii horse will take. It is safe to say that the time will be very fast. Connors should lose the first and make the new comer go so fast that she cannot repeat.

The harness event first started will be the 2:14 class, which is thus practically a free-for-all. Wayboy will meet Quinn's black Cyclone, and the black should show. From the speed that the animal showed earlier in the week there might just as well have been an entrance made in the free for all. By the same sign the horse should win the 2:14 class, where Edina G., another free-for-all candidate, is to go. There will be a heap of money upon Lamb as Hollinger's entry in the Island breeds is said to be showing a liking for fast work.

Weller has practically a walk over in the mile and a half, but the last race of the day, the mile, where Nullah and Carter Harrison go against the Prince's horse, should show rare sport, for Harrison should be able to make a hard race, and Weller may not have rested after his long race.

The driving race belongs to anybody that wants it, and the horses will not be more factors than the men behind them.

By an error apparent to everyone who followed Wednesday's events, Costello was put down as the driver of Way Boy, in discussing some speculation over the driving in the race. The mistake was made entirely without intent, as Judd drove the sorrel each time out.

A raid on pool sellers at Kapiolani Park was made at midnight last night by Deputy High Sheriff Chillingworth. No arrests were made, however. The names of members of the party were secured and steps will be taken, it is said, to prosecute them.

The Canal Project.

CHICAGO, June 6.—Chauncey M. Depew, who was in Chicago attending the annual meeting of the directory of the Chicago and Northwestern Railway Company, in discussing the canal question, declared that in his opinion there is no comparison between the merits of the Nicaragua and Panama routes and that the latter, when measured by the test of certainty of cost of construction and of cost of maintenance is far preferable. Senator Depew said that he believed that the canal question would be referred to the President, as the Hoar bill provides, but he doubted if that bill would pass at the present session, as the pressure for action on Cuban measures would put it to one side temporarily. "I believe thoroughly in the canal project," said Mr. Depew. "The President is the man who will decide it, and I hope he will take the Panama route."

Off for Asia.

NEW YORK, June 6.—Laden with 500 tons of supplies for the ships on the Asiatic station, the cruiser Buffalo has sailed for Manila. The ship also carried several hundred sailors to replace those whose term of service on the ships of the European and Asiatic stations have expired. The Buffalo will go direct to Gibraltar and is expected to make the trip to Manila in forty-two days.

REBECCA PANEE WANTS HER COIN

Declares She Will Give a Trust Deed to Protect Herself.

"Becky" Panee, who has endeavored to break the spendthrift trust and to be released from the guardianship of J. A. Magoon, has again gone into court, this time before the Supreme Court, praying that the justices do not reverse the judgment obtained by her in the Circuit Court. Having been successful in her suit in the trial court, Mrs. Panee, by her attorney, Thomas Fitch, desires to have the Supreme Court take the same view of the case as did the Circuit Court.

She says in her motion to dismiss the appeal, that she does not desire to submit "unnecessarily to the cost, vexation and disgrace of a spendthrift trust, but that by affirming said judgment of discharge and permitting the execution of a trust deed," she can "enjoy her own estate in her own way."

In the motion to the Supreme Court, "Becky" Panee gives the history of her case including an inventory of her property, both real and personal, in the hands of J. A. Magoon, amounting to \$37,250. She says the income per annum from her estate is \$1320. She says she "has no husband or children, no father or mother living, and no sister, and no brother except a half-brother, who is a healthy adult; that there is nobody in the world dependent upon her or to whom she has a right to look for support, and that no waste or squandering of her estate could affect anybody in the world except herself."

She further states that she is informed by her counsel that the true object of the spendthrift law is to guard those dependent upon the spendthrift and to protect the spendthrifts themselves from suffering and the public from supporting them in case they waste their estate by debauchery or idleness. While denying that she is or ever has been debauched or an idler or a gambler, she submits a trust deed which if permitted by the court she proposes to execute, naming such trustee as the court may approve. By this trust deed, she avers, real estate to the value of \$28,000, paying an income of \$1620 per year, and personal property valued at \$5000, yielding \$400 a year, would be tied up beyond her power to dissipate.

In her motion she sets forth her desire to appropriate the proceeds derived from the sale of a note of J. Lightfoot for \$1850, and one of S. K. Kane for \$2400, which she has reserved, to the discharge of certain obligations.

FIRE SHOWS AT KILAUEA

Str. Noeau Has Late News of Volcano.

ACTIVITY SEEMS TO BE ON INCREASE

Manager Waldron Says Smoke is Dense and Fire on the Increase.

Editor Advertiser:—The volcano is still active. The smoke is dense, but more fire is to be seen. Sultry and warm weather prevails.
Very truly yours,
F. WALDRON.

The Mauna Loa, arriving from Maui and Hawaii ports yesterday morning, brought news that Kilauea is still active and the smoke sent up from the volcano seems to be increasing in volume. Captain Simerson stated that the hot lava could be seen down in the crater, with an occasional burst of fire, but there appeared to be no indication of a lava flow over the sides of the crater. He says, however, that there appears to be a general impression on Hawaii that a big eruption is due.

Nothing was heard of the reported outbreak of Mokuaweewe and the people of Kona and Kau districts are doubtful of the truth of these reports. The smoke from Kilauea could be plainly seen on the Kau coast at a distance of twenty-eight miles.

The Kinau is due to arrive today and will have later news of the volcano.

LATER NEWS OF KILAUEA.

The Noeau, which arrived last evening from Hawaii ports, brought later news of the volcano. Captain Mosher stated that there was no change in the state of Kilauea when the Noeau left the coast of Hawaii at 5 o'clock Thursday afternoon.

Drivers Out of Date.

CHICAGO, June 6.—The packing houses of Chicago are preparing to introduce more modern methods into their system of meat delivery for city trade. They will use the railway lines. During the recent strike of the teamsters, the scheme it is said, was given a thorough and successful test. Once in effect, the packers will require but one-fourth of the present force of drivers. So antiquated is the use of teams and drivers, the packers say, that they placed each of their distributing depots in the city near a railroad switch on some line connected with the Belt system. But until forced by the strikers to use the railroads the packers had not attempted seriously to carry out their plan.

The Steamship Merger.

NEW YORK, June 6.—Definite organization of the Atlantic Steamship syndicate is proceeding with all the speed that can be expected from such a large undertaking, says the Tribune. Clement A. Griscom, president of the International Navigation Company, and Bernard N. Baker, president of the Atlantic Transportation Company will sail for England soon to meet J. P. Morgan and the officials of the other steamship lines that will enter the deal, and arrange the details.

Detective Work Upheld.

NEW YORK, June 6.—Justice Greenbaum of the Supreme Court, in a decision just handed down, established the right of district Attorney Jerome to spend as much money as he may see fit for the purpose of procuring evidence for the suppression of crime. The decision was brought about by Controller Grout refusing to honor a bill of \$24.29 turned in by a detective who obtained evidence of excise law violations.

Her estate, she says, is ample to warrant this reserve.

The trustee is to collect the rents and pay the money over to her during her lifetime, less a commission of 100 and 5 per cent on collections of rents and interest. Dying intestate she conveys an undivided one-half to Douglas P. Panee, her half-brother, and the other half to Alexander M. Roe, now an infant, "or in the event of the death of either of said persons before the death of the said Rebecca Panee, then if she die intestate, to the devisees or heirs of said persons."
